Em 1961, Dr. S. D. Jouhar fundou a Photographic Fine Art Association, e foi seu Presidente. A sua definição de Fine Art foi "criação de imagens que evocam emoções por um processo fotográfico no qual a mente e a imaginação são livremente mas competentemente exercidas.

Dois estudos de Christopherson, em 1974, definiu fotógrafos fine art como:

*"todos aqueles que criam e distribuem fotografias especificamente como arte".*
